The 24th International Ultmann Chicago Lymphoma Symposium (IUCLS) is an annual conference dedicated to advancing lymphoma science and clinical care, with a focus on the biology, diagnosis, and treatment of Hodgkin lymphoma and non-Hodgkin lymphoma. The event is led by a group of the world's leading lymphoma experts and serves both national practicing oncologists and the academic community in Chicago, which includes 5 major academic centers. The symposium features a mix of expert presentations, interactive case discussions, poster and abstract presentations, and opportunities for question-and-answer sessions and debates.
